## PROFESSIONAL SUMMARY

I'm a customer service rep with four years handling inbound tickets, live chat, and phone support for Australian e-commerce and SaaS companies. I resolve issues on first contact wherever possible, de-escalate frustrated customers, and I always look for the root cause to prevent repeat contacts. I'm fast on Zendesk and Intercom, I follow brand tone guidelines, and I maintain a 95%+ CSAT score. I'm looking for a brand that cares about doing right by customers.
